Julian Jones : Bohunk's Big To-Do before purchasing it in order to gage whether or not it would be worth my time, and all praised Bohunk's Big To-Do:

1 of 1 people found the following review helpful. Great Fun Summer Read!By ShannonBo Mickey has a lot on his mind. He's a fun loving character with some big decisions to make. Most important, there's a funeral to attend to, if only he could just get there, and his merry band of traveling companions add just a little more drama to his already muddled mind. I found this books narration funny, witty, and all around quite entertaining. There's more to the story than initially meets the eye.0 of 0 people found the following review helpful. Bohunk takes a brilliant approach to complicated relationshipsBy Susie GraberBohunk takes a brilliant approach to complicated relationships. Setting the story in small town Midwest gives an interesting contrast between the colorful cast of characters and the simple setting in which it takes place. The readers interest is held by the twist and turns of the story. Looking forward to the next book by this talented author.0 of 0 people found the following review helpful. Worth a ReadBy JSKI went to high school with the author, so I'm biased, but I really liked this book. I actually think I would have liked it better if I DIDN'T know the author, because I was soooo excited to read it that I hurried through and missed some of the subtleties.

"Delicious descriptions! ... Ideal for those who enjoy soap-opera liaisons but also deep existential monologues. ... Bohunk's Big To-Do does it brilliantly!" The Windy City Times, November 03, 2015."Incredibly created through the wonderful words of the narrator." Outword Magazine, October 22, 2015."Funny, interesting, somewhat raunchy and unconventional." Vital VOICE Magazine, September 16, 2015.FEATURED as one of three summer reads in David Atlanta Magazine. August 05, 2015.Bo Mickey's wanted to run away from home ever since his mom married his boyfriend, two months back. First time out of Arizona, though, and damned if they're not both along for the ride. Worse yet, one too many sightseeing stops puts Bo in Kansas too late for a deathbed introduction to the dad he's never met. The other Mickey's - his dad's second family - put Bo and his lot up in the R.V. in the driveway to wait out the funeral. That's mighty close quarters to share, though, with the drug-damaged party girl who raised him and her new groom, a know-it-all castoff from Arizona foster care who can't shake dirty thoughts of Bo and won't keep his hands to himself. The way, too, how the second Mrs. Mickey breaks glass and whatnot up against the walls inside her house; the mean streak that oldest daughter's got: It's near about impossible to pass the time in any sort of vacation-minded way. When a little yellow notebook sends Mom into hysterics, Bo decides now's as good a time as any to make his escape. But he doesn't want to go it alone. Who will he take with him: the man he loves or the woman who loves him? While he makes up his mind, changes it, and decides again, the choices of his father's past come together in hints and whispers all around him. But will Bo notice in time to

make the right choice himself?BOHUNK'S BIG TO-DO is the story of a young man's struggle with the power and vulnerability of his own conscience. Telling with stringent honesty the story that is most important to him ndash; the only one he sees ndash; Bo Mickey's attention for the circumstances of his bizarre love triangle quickly evolves to distraction. Past clues he fails to notice, refuses to admit, or simply does not understand, Bo moves ever closer to a life-changing decision. Ultimately, the secret of Bohunk's Big To-Do is at once shameful and heartbreaking but, in its oversight, perhaps merciful too.
